

## **OLD SAYBROOK PUBLIC SCHOOLS**

### **NOTICE OF PARENT/STUDENT RIGHTS UNDER SECTION 504 OF THE REHABILITATION ACT OF 1973 AND TITLE II OF THE AMERICANS WITH DISABILITIES ACT OF 1990**

Section 504 of the Rehabilitation Act of 1973 (“Section 504”) is a non-discrimination statute enacted by the United States Congress. Section 504 prohibits discrimination on the basis of disability by recipients of federal funds. Title II of the Americans with Disabilities Act (“ADA” or “Title II”) also prohibits discrimination on the basis of disability by state and local governments. To be protected under Section 504 and the ADA (“collectively, “Section 504/ADA”) as an individual with a disability, an individual must (1) have a physical or mental impairment that substantially limits one or more major life activities; (2) have a record of such an impairment; or (3) be regarded as having such an impairment.

Under Section 504, the school district has specific responsibilities to identify, evaluate and provide an educational placement for students with a disability. The school district’s obligation includes providing such eligible students a free appropriate public education (“FAPE”). Section 504 defines FAPE as the provision of regular or special education and related services that are designed to meet the individual educational needs of a student with a disability as adequately as the needs of students without disabilities are met, and that are provided without cost (except for fees imposed on nondisabled students/parents).

A student is eligible for regular or special education and related services under Section 504 if it is determined that he/she has a mental or physical disability that substantially limits one or more major life activity such as (but not limited to): caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working. A major life activity may also include the operation of a major bodily function, such as an individual’s immune, digestive, respiratory or circulatory systems.

A student can have a disability and be covered by Section 504/ADA even if he/she does not qualify for, or receive, special education services under the IDEA.

The purpose of this notice is to provide parents/guardians and students 18 years of age or older with information regarding their rights under Section 504. Under Section 504, you have the right:

1. To be informed of your rights under Section 504;
2. To have your child take part in and receive benefits from the Old Saybrook School District’s education programs without discrimination based on his/her disability.
3. For your child to have equal opportunities to participate in academic, nonacademic and extracurricular activities in your school without discrimination based on his/her disability;

4. To be notified of decisions and the basis for decisions regarding the identification, evaluation, and educational placement of your child under Section 504;
5. If you suspect your child may have a disability, to request an evaluation, at no expense to you and to have an eligibility determination under Section 504 (and if eligible, placement decisions made) by a team of persons who are knowledgeable of your child, the assessment data, and any placement options;
6. If your child is eligible for services under Section 504, for your child to receive a free appropriate public education (FAPE). This includes the right to receive regular or special education and related services that are designed to meet the individual needs of your child as adequately as the needs of students without disabilities are met;
7. For your child to receive reasonable accommodations and services to allow your child an equal opportunity to participate in school, extra-curricular and school-related activities;
8. For your child to be educated with peers who do not have disabilities to the maximum extent appropriate;
9. To have your child educated in facilities and receive services comparable to those provided to non-disabled students;
10. To review all relevant records relating to decisions regarding your child's Section 504 identification, evaluation, and educational placement;
11. To examine or obtain copies of your child's educational records at a reasonable cost unless the fee would effectively deny you access to the records;
12. To request changes in the educational program of your child, to have your request and related information considered by the team, a decision made by the team, and if denied, an explanation for the team's decision/determination;
13. To request an impartial due process hearing if you disagree with the school district's decisions regarding your child's Section 504 identification, evaluation or educational placement. The costs for this hearing are borne by the local school district. You and the student have the right to take part in the hearing and to have an attorney represent you at your expense;
14. To file a local grievance/complaint with the district's designated Section 504 Coordinator to resolve complaints of discrimination including, but not limited to, claims of discrimination directly related to the identification, evaluation or placement of your child; and
15. To file a formal complaint with the U.S. Department of Education, Office for Civil Rights.

The Section 504/ADA Coordinator for this district is:
